Legislative File Number EC-06-103 (version 1)

CITY OF ALBUQUERQUE

**Approval of
Contract Recommendation of Intergovernmental Agreement with the New Mexico Health
Department, Scientific Laboratory Division to provide support for groundwater and soil vapor
monitoring.**

CITY OF ALBUQUERQUE

Transmitted herewith for City Council consideration and approval is a proposed Intergovernmental Agreement between the City of Albuquerque, Environmental Health Department (AEHD) and the New Mexico Health Department, Scientific Laboratory Division (SLD) for the purpose of performing physical, chemical and biological analysis for regulatory compliances purposes. The amount of the contract is \$35,000.00.

The City conducts regular sampling programs for compliance with Federal and State environmental protection regulations and SLD is certified by the United States Environmental Protection Agency (USEPA) to perform physical, chemical and biological analysis for regulatory compliances purposes.

AEHD has contracted with the NM Scientific Laboratory to perform the analysis for many years because they are certified by United States Environmental Protection Agency (EPA) to perform Volatile Organic Compounds (VOC) analysis; thereby ensuring consistency and credibility in the data record.

Staff will be available to respond to questions at the appropriate hearings.
